------------------------	-----------------------	------------------------------	------------------------------	----------------------

For other kinds of application or use at higher concentration levels, a new evaluation may be needed; please contact PerfumersWorld.

The IFRA standards regarding use restrictions are based on safety assessments by the Panel of Experts of the RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM).

Evaluation of individual fragrance ingredients is made according to the safety standards contained in the relevant section of the IFRA Code of Practice.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this fragrance) by further testing if need be.
